Forecast for Saturday 29 Apr 2023

Weather: A lot of cloud expected through the day with some occasional rain, but some reasonable drier spells of weather. Southwestern fells may brighten up later in the afternoon, and perhaps some brighter spells developing east of Ullswater and Haweswater at times.

Chance of cloud-free hill tops above 800m: 30%, best chance in the far east, and later down towards the southwest

Low cloud and visibility: Areas of cloud down to 700 to 900 metres shrouding some of the tops at times. Some low cloud will shroud lower slopes at first this morning. Cloudy may lift off the tops through the evening.
